Dear Diane,

Thank you for your participation in the last meeting of the Bonneville Salt Flats Technical Review Committee (TRC). The next meeting of the TRC will be held at the Salt Lake District Office at 10:00 a.m. on February 18, 1992.

At this meeting, the Water Resources Division of the USGS will present a report of their activities on the Salt Flats in the first quarter of fiscal year 1992 and a discussion of the activities which they plan for the second quarter. It is possible that the salt replacement feasibility study prepared by private parties, may be available in time to be discussed at this meeting.

I have enclosed an updated list of committee members with their addresses and phone numbers for your information. Should you have any questions regarding this meeting, please feel free to call Phil Allard at (801) 977-4300.

Sincerely,

Deane H. Zeller
District Manager
